# Discover More with the Joolz Day Expedition.

*The Joolz Day Expedition is fully equipped,  
ready to wander the small streets of an unknown city,  
or experience the pure nature of the great outdoors.*

## Store + Push

Smart little bags on the back of the seat and on the front of the cot to store your most important stuff.

Black snake leatherette handle bar and safety bar.

## Cool + Play

The sun hood with Air Top offers a great ventilation opening for a cooling breeze and fresh air.

On the sun hood you'll also find a strap to hang (playing) gear on to, to keep the little passenger happy during the 'safari'.

## Camouflage + Style

Special shady grey chassis give an extra stylish and sturdy 'camouflage' look.

Beautiful subtle greyish green fabric combined with compelling anthracite fabric on the sun hood, cot and back of the seat.

## Complete + Comfortable

High seating position of the seat: ready to push straight up to the table.

Comfortable cot that is also suitable for sleeping in at night, complete with a hypoallergenic breathable mattress.

## Ergonomic + Adjustable

Handlebar adjustable in height to give both long and short legs the right amount of space.

Footrest adjustable in length for consistent proper support as your child grows.

## Easy + Compact

Safety bar is easy to open with one hand from either side, making it simple to lift your child in and out of the pushchair.

Compact: when folded (including the seat) it will fit in almost any car, corner, cupboard or stairway.
